

HACCP Policy

POLICY STATEMENT

Skippers Transport Pty Ltd being the proprietors of a transportation business is involved in the transportation of food products for consumption.

The company recognises that effective hygiene control, therefore, is vital to avoid the adverse human health and economic consequences of food borne illness, food borne injury and food spoilage.

As a result a HACCP Plan has been adopted in compliance with the SCARM Report 60, AS 4696 – 2002, and Codex Alimentarius Food Standards Programme 1999.

Our objectives are:-

- ❖ The maintenance of a food safety plan which will ensure hygienic control of foodstuffs transported by the company.
- ❖ To maintain a standard of food hygiene which is acceptable to relevant government agencies.
- ❖ To ensure that all employees involved in the handling and transportation of food products are adequately trained & equipped.

**THIS POLICY WILL BE BEST ACHIEVED BY BOTH MANAGEMENT
AND STAFF WORKING TOGETHER.**
